December 8th, 2009

Dear Mr. Tucker:

The Fayette Alliance is Lexington's only land-use advocacy organization dedicated solely to preserving our renowned rural landscape in Fayette County, while strengthening the city of Lexington through innovative infill redevelopment and adequate infrastructure.

In accordance with its mission, The Fayette Alliance strongly supports a scenic byway designation for Winchester Road, in Fayette County Kentucky.

An official scenic byway designation by the Kentucky Transportation Cabinet will help promote the outstanding scenic, natural, cultural, and historic resources of Winchester Road. This designation will advance an appreciation for Fayette County's renowned Bluegrass landscape, and strengthen its \$1 billion agritourism industry-creating a win-win for Kentucky.

Thank you for your thoughtful consideration, and please don't hesitate to contact me with any questions you may have.

Sincerely,

Don Robinson
Chairman
